Lays out the project of financial concentration and centralised control of the global economy. In the banking 'rescue', the banks of the great 'philanthropist' financiers have received over 16 billion dollars and have left the 'crisis' to continue scheming and carrying out their project of world domination. Four presidents and millions of civilians murdered in the Africa of the Great Lakes region are the worst crimes that the 'philanthropists' who rule the world are responsible for. Knowing the hidden keys of the Hour that is approaching is as important for preventing it as was deciphering Enigma for the Allies to achieve victory.
