Season: AUTUMN 2012

After the long-awaited Apocalypse, which, if time permits, will take place at the end of 2012, little will remain standing of this matter we wrongly call civilization. The 'lucky ones' who survive Armageddon will find themselves faced with a situation rather more complicated, if possible, than the current world crisis: famines, epidemics and looting will be the order of the day. In a few years the human presence on the planet will be reduced to a few thousand individuals. Can't we see the funny side of all this? Mortimer manages to and gets more than one laugh out of us in doing so.
