AUTUMN

2012

Season: AUTUMN 2012

More... Secrets of the Reds reflects a great moment for the Spanish squad, narrated by the players themselves. It gives a detailed account of the moments after their elimination by Germany in the World Cup; how Luis Aragonés gradually imbued his players with a winning spirit and how they won the European Cup. It knocks on the dressing room door and goes in so that the reader get to know the players who had us dreaming during the World Cup in South Africa. The keys and private lives of this group that is making history are narrated and the book goes deeper into the Del Bosque transition and the lesson the players learned during the FIFA Confederations Cup last summer.
