AUTUMN

2012

Season: AUTUMN 2012

This is a book of very short, unconventional, chaotic stories about marital relationships in which 'There is not a single word too many or too few, the narrative is measured to the milimetre' (Luis Eduardo Aute). The original appeared one morning in the publisher's postbag. It came in a sealed envelope and as a form of label were written the words 'Fuck Monterroso'.
