Once upon a time there was a fantastical kingdom with fairies, dragons, knights and everything else that fantastical kingdoms have. There was also a big city and a path leading to it, and next to that path was the Fat Ogre's house. The young Mouse worked as a servant there, and one day he got the powers of the evil magician Calderaus by accident... Powers that he doesn't know how to use... and which the magician wants to get back at any cost. To do this, they both set out on a hilarious journey and meet a series of extravagant characters and have exciting and funny adventures. A thrilling tale set in a vivid fantasy world. With Magician by Chance, the author enters the world of humour without leaving her fantasy realm, where she reigns with absolute mastery.
