Season: Year 2013

Three women stand up to the powers that be during an economic crisis that has overwhelmed all expectations, causing many citizens to suffer due to the shady dealings in favour of the financial and political interests of the most powerful. With a powerful story that unfolds in Madrid, Alicante, London, Barcelona and Port de la Selva (Girona), the storyline distils a nerve-wracking fiction that doesn't give the reader pause for breath, with the action taking place in different periods - 2011, 2014, and 2018 - presenting a bold, visionary portrait of our future.
