A relationship of dependence between two characters who will seduce you from the very first page. A story of one of the most common illnesses of the 21st century: anxiety. Héctor Amat is an actor who suffers from anxiety after having accidentally witnessed the murder of a young girl. His anxiety blocks him and prevents him from remembering what has happened. To ease his anxiety and regain his memory, Héctor visits psychologist Eugenia Llort, the therapist who treated him after the crime. At first a professional relationship, it becomes one of dependence that will reach unexpected limits.
