Genre: Literature

SPRING

2014

Season: Year 2014

In Albert Serra (la novella, no el cineasta), Albert Forns hilariously and masterfully combines reflection and information with imagination. Unanimously awarded the Documenta prize for being an 'innovative, original and brilliant work that stands out on the Catalan literary scene,' the book uses the pretext of transformation as an excuse for the author to reflect on themes such as nudism, the phenomenon of originality, copy and plagiarism and the debate about novels with no end.
