Creosbe's World is actually an underwater world, riddled with naiads, sirens and elves, a place you can reach at full moon nights.

This fantastic universe is inevitably linked to ours through a magic door, hidden under Lake Enol, in Asturias. In El Maravilloso Mundo de Creosbe, Arnau and Adrià, two Catalan siblings; Rocío, a nice Andalusian girl; and Sonia, the sharp Asturian child, will experience an unforgettable adventure full of surprises where courage, friendship and hope will have an important role.
