Do you think that you know your partner? Would you do anything for him? Do you want to discover his hidden side? Do you believe you conquered him solely with your friendliness and charm? Well, it's all lies! All men, however sensitive they may appear are sexual beasts: first you have to conquer them in bed, and everything else will come afterwards....

In this entertaining book, Nacho Sierra reveals men's most intimate secrets to us: what pleases them in bed, the things they hate about female social customs and... their strategies for concealing their infidelities from you!
