The love of the land and a man persevering to make his dreams reality are the two intertwining themes of this evocative novel, which for the first time tells of the adventures of the wine producers of Rioja and the story of Spain's most emblematic wine. El hijo de la vid is an exciting tale that transports us to the heart of the land of the vineyards to tell us what its protagonists, hundreds of country people and businessmen, have experienced and suffered in order to successfully produce one of the world's most respected wines.
