When Count Abrino is about to die, he asks his best knight Bodius to bring his daughter Auria back to the castle. Three years before, accused of witchcraft, the young girl had decided to shut herself away in a solitary tower known as the Crow's Nest. Even though Bodius manages to encounter the beautiful young woman, the count dies before the pair return. Auria is the legitimate heir to the castle, but the terrible Osio manages to capture it before she can claim it. Will the combined forces of Bodius and Auria be able to conquer avarice?
