If you sweat buckets on your first date, and enter into a semi comatose state; if you still believe that you have to go on a diet or wear lace underwear in order to pull; if when you mouth the words "I love you", your paramour slips away muttering excuses, never to be seen again; if you slip up and don't know how to confess it to your partner; if your other half has been unfaithful to you and you don't know what to do; if you have never heard of a 'seducer's horoscope'; if you didn't learn seduction at school; if you still don't know that there is a seducer within all of us; if you have a sense of humour.... Seduction Without Tears in the 21st Century is the book for you!
