Coming back home from school, at weekends, on holidays ... playing is always so enjoyable! There are as many games as you can imagine. Which one is your favourite? This is the latest title of the collection "Rhyming and dreaming" made up of 10 stories which present young readers with a funny and witty world. The human body, the seasons, animals and plants, inventions, professions, the city and many more subjects are presented to the children in an amusing way, thanks to Carmen Gil's texts, which are full of musicality and ingenuity. The coloured pictures by well-known illustrators fill the pages of "Rhyming and dreaming" with sensitivity.
