"The Huemul" is a wonderful story about a deer who was born to be free, yet submits to domestication, domination and even the worst kinds of humiliation. And all because of fear. Fear of the unknown, of leaving his comfort zone and daring to live his dreams. This is a fable about how to transform our fears in order to achieve a fuller life, the life we truly deserve. Like the little huemul, we can do it if we stop limiting ourselves and face up to change. "A fable about the importance of living our dreams".
