"Yellow Bird" is a children's picture book for children aged three and upwards. It is the story of a character named Yellow Bird who is a bird who cannot fly. While most of his friends, all the other birds, go on amazing journeys around the world and send him postcards from different places, he cannot fly. However, Yellow Bird has a different talent, he is able to invent all kinds of machines and with the help of his friend he will finally build a device that will allow him to take flight and travel around the world to different places where he will meet other birds and animals with whom he shares his invention. Yellow Bird is a story about disabilities but also about the importance of sharing. It encourages us to look after the planet where we live and to share our ideas for the common good.
