Basic Spanish Grammar: Study and Use is a clear, comprehensive summary of Spanish grammar aimed at students of Spanish at levels A1, A2 and B1, as established by the Common European Framework of Reference (CEFR) for languages. Readers will find the grammatical content organised into the three levels according to the Cervantes Institute's Curriculum Plan. Basic Spanish Grammar: Study and Use views grammar as a set of tools used by speakers and listeners to communicate with each other. The focus is practical, and numerous examples are included to facilitate understanding of the various grammatical elements.
