This is the first in a new series of five novels entitled The Devil's Horde. In this volume Remo, who has fallen into disgrace after suffering the treachery of his greatest enemy, will find himself embroiled in his king Vestigia's power struggles. As an outlawed mercenary, he will sign up for an extraordinary quest to bring down Moga, a powerful necromancer who opposes the king. In the course of this mission, wounds from his past will be reopened. Aided by a secret magic talisman, he will ultimately be able to demonstrate his bravery. A fantastic new world, a hero, Remo, and a corrupt king. Scenes of action and intrigue, dynamic descriptions and detailed battle scenes all contribute to the novel's cinematic or video game aesthetic. Furthermore, the literary quality of the novel is remarkable.
