Genre: Literature

SPRING

2017

Season: Year 2017

Sofi lives with her parents and her grandfather in a house near to the wood. Sometimes her grandfather disappears for hours or even days, and returns home seeming very happy, albeit dirty. And that's not the only strange thing about him: there are his glasses, those very strange glasses. . . . What is her grandfather hiding? What is he really up to? When she finds out, Sofi will learn about the growing danger posed by the Dreambreakers . . .
