Read report: [Max i els superherois](#) [3]

Max is fascinated by superheroes. He guards his books, films, strategy games, trading cards, action figures, posters (etc) as if they were treasure. And his friends share his enthusiasm. But of all the superheroes, Max has a favourite: Megapower! She's brave, can program computers, de-activate bombs, control a million robots, has x-ray vision and is extraordinarily strong... And although his friends tell him that a girl could never do things like that, Max doesn't care... Because Megapower isn't like all the other superheroes!
