It's not always easy for young children to understand the Gospels. The language, the scenes, the characters all presuppose knowledge of the adult world and of the context in which Jesus lived. In its young children's version, the Rezandovoy team has for years offered a weekly adaptation of the Sunday Gospel reading. In this book we bring together the texts of the Liturgical Cycle B, adding illustrations that allow readers to enjoy the scenes and intuit their truth by putting themselves in a child's shoes. The idea is to offer mothers, fathers, catechists and educators resources that can be used in a variety of educational contexts for young children, so that they will learn and get to know Jesus and his friends.
