For a few weeks there have been rumours about strange events that have no explanation. Some pupils claim to have been attacked by an invisible force; others insist that they have seen objects moving on their own through the air, or that they have felt a strange presence stalking them in the corridors. What are we up against here, exactly? In the newsroom at Voces we have heard every kind of theory, but the paranormal explanation is the most widely accepted. After all, we all remember the story of the tragically famous 'rooftop boy' ... So then, is there a ghost at school? And if so, who is he and what are his intentions? We still don't know, but it may not be long before we find out.
