From the author of the successful series Agus and the Monsters (Combel) comes a fresh and funny novel set in the classroom and featuring a whole, unharmonious class. The Year of the Cat is not one of your typical novels with a pretty, sweet Insta-worthy kitten. You also won't find, in its pages, a spoilt little boy or girl who desperately wants a cat. Here the protagonists are a whole class and Sylvia, their teacher who, like all teachers, has patience to spare; and yes, there is also a cat, but not any old cat. The class cat is all white, and has one blue eye and the other brown. It's not his beauty that distinguishes him, though, but rather a special power that makes him extraordinary. Do you want to know what it is?
