The story started in the Cave of la Moura, whose protagonist Eva, is now passing the baton to two teenagers: Katy - one of the most powerful of the 'Oscuras' ('dark women') unable to control her powers and in love with a boy who does not reciprocate her love - and Anthony, a 'Luminoso' ('luminous') with a complicated past and an uncertain future, since he must act as the older brother of the girl he loves. Both characters tell us their story in the first person (a chapter each) in this sequel which is a stand-alone novel but which preserves the essence, magic and spirit of its predecessors, as well as a guiding thread: the legends of Celtic origin. In The Rebirth of La Moura we have an opportunity to learn more about the world created by its author and its characters, and to set out on a new adventure.
