Pablo was in love with Guille. Guille was in love with Pablo. Unfortunately they lived in different cities, so Guille left Pablo and broke his heart. Years later, their paths crossed again, but Pablo isn't thinking about falling in love again. So why have they kissed and why can't he stop thinking about him? It's said that first love never dies, and he knows that all too well. What he doesn't know is if it is worth trying to rekindle a flame that went out years before, or better to leave it alone. But did that flame ever really go out? With the help of his friends, Pablo has to overcome his complexes, find himself and work out just how he feels before deciding whether to restart his relationship with Guille.
