How many ways are there to say I love you? Possibly as many as there are people in the world. Axel and Eva work together and repel each other like oil and water. He's a shameless womanizer, and she is a slightly off-putting perfectionist, but when something surprising and unusual happens to them in the middle of a trip through America, they will have no choice but to get along - or at least try to get along - for the sake of their survival. Two Ways to Say I Love You is an original and nuanced romantic comedy in which reality and fantasy come together in an explosive mix of love and wit. Do you dare to discover this way of saying I love you? OTHER BOOKS BY THE AUTHORS Emparéjame [MatchME] (Penguin, 2017), ¿Viernes o te vas? Additional information **Prizes and reviews:**

I loved it. Surprising and unpredictable from beginning to end, with a theme that - without spoilers - I'd say I've never seen explored before in a story.
