The pyramids are shrouded in enigma, but Egypt has other equally magical places that are still unknown, like the labyrinth of Hawara, a mysterious underground maze that conceals the truth about grand former Empires. Laura Souto, Spanish adventurer and archaeologist, and her husband Omar Salim, Nubian ex-soldier in Egypt's Special Services and unrelenting in the fight against terrorism, aim to discover its terrible and sinister secret. In this intrepid adventure, the author transports us through time from the year 2600BC to today, to tell how famous people in history entered the labyrinth to discover its mysteries... with ill-fated results. Were the Messengers of Horus real, and did they control us from far-distant galaxies? Enjoy the magical adventure of the Hawara labyrinth.
