Emma Cruz is a lawyer and professor of criminal law. She moved to the small Galician village of Merlo to teach at the university, not knowing that this place was marked by misfortune. Her arrival coincides with the twenty-fifth anniversary of the disappearance of the Giraud sisters, who seemed to have been swallowed up by the earth. And so Emma will discover that the inhabitants of Merlo are keeping untold secrets. What happened to the Giraud sisters? Are they dead? And if so, who was responsible and why were their bodies never found? "Infamy" is a psychological thriller where nothing is as it seems. A novel with a vibrant rhythm that grabs the reader and takes them to the limits of the human condition. A story of love, hate and madness.
