Cora needs to reinvent herself in order to get out of the hole she has sunk into after the sudden breakup from the love of her life. Sex becomes the initiation rite into a new identity, an unknown world where she can experiment, and find herself and forgiveness. Valentina arrives in Spain on the run from a dark secret and a traumatic past, and she needs to find herself a new place in the world. Life isn't easy for a young foreign transsexual. The two protagonists of Born Free, from worlds that are so far apart, meet at a crucial time for both on a journey of self-discovery and escape from betrayal and revenge. Their circumstances spark the growth of a deep friendship, and the strength they need to understand that they were born free.
