Cooking with Family is a book that tries to encourage us to share some fun time with our children at the stove. Some of the best chefs in Europe are here to help. Each of them has adapted one of their signature dishes, taking care to maintain all of the spirit of the original recipe. For every recipe there are step by step instructions for each stage of the process and the tasks for adults and children are clearly indicated. In this way the results will be restaurant style delicacies.
