If you liked Men In Black or Life Is Beautiful, don't miss out on this novel in which a son has to trust his father under incredible circumstances. What would you do if your father told you he worked as an alien hunter? Would you believe him? This is what happens to our protagonist, Nico Desclot. But of course his father convinces him and he lets himself be deceived. And so Nico discovers an exciting and fabulous new world, but soon he realises that everything isn't as nice and extraordinary as it seems. And for one very simple reason: such a bizarre job just couldn't exist. Perhaps it's just an absurd delusion sprung from his poor father's troubled mind. Or perhaps not...
