Monsters monsters monsters! (and yet more monsters!) Do you know how NOT to become a vampire's favourite meal? Did you know that your socks disappear because the monster that lives under your bed eats them? Or that you don't need to go out hunting mutants because the mutant is you! But don't worry if this is all new to you, because this book will explain everything you need to know about monsters, and you will become the world expert in all history's scary, weird and hair-raising creatures. All in the most horribly fun encyclopaedia!
