“Pino en el mar” (Pino by the sea) belongs to a four-title series of picture books for readers from 4 years old and up. Pino, the penguin, lives with his parents and behaves just like a child of his age: with innocence, generosity and enthusiasm. «The beach was full of sand. The sea was full of water. And Pino’s family was full of things for their holiday... » Pino discovers what fun it is to be in the sea and how difficult it is to obey his parents when he is having such a good time!
