SPRING

2011

Season: SPRING 2011

Using few or no words, Pedro Perles has chosen to reinterpret Little Red Riding Hood by telling us this classic story through images full of life, mystery and colour. Brilliantly realised by this Cadiz illustrator, this Red Riding Hood encourages the reader to give a voice to the images, to create their own version of this famous traditional story inspired by the graphics which Pedro Perle employs as the language of narrative.
