Genre: Leisure

SPRING

2021

Season: Year 2021

Among the many synonyms for "Dark" we find (Oxford English Dictionary): mysterious, enigmatic, sinister, evil. This anthology is a faithful reflection of how each of the authors in this anthology sees darkness and terror. Some stories, apparently innocuous, take an unexpected, terrifying final twist; others have terror on the horizon from the outset; while there is also no shortage of those where fear is discovered in the most unlikely places - often, inside ourselves. The collection contained in this book boasts authors who have a growing reputation in literary horror fiction and offers an exuberant variety of examples from the genre, such that every reader will find one to their taste.
