Genre: Children and Youth

SPRING

2021

Season: Year 2021

Discover the revolutionary scientific feats that Galileo achieves as he looks through his telescope into the skies. Where does the Earth end? What are stars made of? There's only one thing Galileo likes more than asking questions: and that is finding the answers. How can he bring the sky closer? His telescope takes him far into the sky, and through it he can observe the stars and discover the secrets of the universe.
