The new novel from Eloy Moreno, an icon of more than 110,000 sales and twenty editions! This special 2020 edition includes a bonus chapter, El Dragón (The Dragon). Exciting, moving, different... Through the eyes of a child, Invisible tells a story that could be any of ours. A powerful YA and crossover novel for the same readers who enjoyed Wonder, about what it means to grow, to mature and overcome emotional problems and bullying in childhood. Who hasn't sometimes wanted to be invisible? Who hasn't sometimes wanted to stop being it? The trouble is that I've never managed to control this power: sometimes when I most wanted to be invisible, people saw me and, conversely, when I wanted everyone to see me, my body disappeared.
