**Season:** SPRING 2011

Can you imagine a summer far away from your friends in a small town where you don't know anyone?

This is what awaited fifteen year old city girl Claudia that summer. And she couldn't be angry with her parents, who had decided to spend the holidays in a coastal town without realising that it would be too quiet for her, and too far from everything that she liked to do.

Little by little Claudina began to discover all the wonderful surprises that the summer had in store: a haunting character, a mystery to be solved, a loyal friend... and her first love.

Magic exists everywhere. The trick is knowing where to find it.
