Few people were as influential in Hitler's life as the mysterious Erik Hanussen, considered, for many years, the most outstanding clairvoyant in Berlin and a personal counselor to the dictator. Two ambitious personalities who mutually used each other to achieve what they most longed for. But, everything has a price... Hanussen helped Hitler in his stunning rise to power. However, he was unable to control the consequences of an offspring with the same genes as that of the Fuhrer. From the mysterious story of Erik Hanussen, an astrologer, clairvoyant, magician and personal friend to Adolf Hitler, "The Legacy. Hitler's Daughter" is a fascinating novel regarding a family saga fantastically set, a story with characters persecuted by a past which will determine their tragic destinies.
