A book to fall in love with on a small scale and be enjoyed on a large scale. Samuel lives enclosed in a bubble of loneliness, from which he only emerges to teach at the university. But his hermetic world starts to crack on the day a stray cat comes into his house.

Thanks to the magic of fate he is reunited with Gabriela, a childhood sweetheart, and this encounter leads to an adventure filled with mystery and revelations. He learns that small everyday actions have the power to detain a hurricane and awaken his heart from its lethargy.

A familiar story whose main character is very easy to identify with. A tender, loving story that doesn't descend into mawkishness. A very positive, amusing, surprising and intelligent story, in which a love of books and music is always present.

A delightful work, translated into more than 10 languages.
