Season: AUTUMN 2011

When night falls you should start to feel afraid, because then shadows will become more than just shadows, and demons may pursue you through the darkness. In different parts of the world, strange suicides are taking place, which seem to be related to the theft of an archeological artefact bearing inscriptions which no one has ever been able to translate. A dark mystery from the beginning of time has been lying dormant for centuries.... and now the real nightmare begins.
