Sara's dangerous hobby of breaking into abandoned buildings has allowed her to get to know Álex and Ray, a couple of young adventurers. The three have arranged to meet at nightfall in an old abandoned beach club, where they will make a terrible discovery.

However, worse awaits them when they leave. Small details which don't add up, strange gestures which betray their loved ones, and an increasingly suffocating atmosphere: something has changed. Something inexplicable, which has turned the world into a mysterious and hostile place.

Suspense filled from the start, 'Los rebeldes de Crow' surprises with its cast of misfit characters, who are pushed to their limits by the intrigues of this innovative action thriller. Tension, unexpected turns and a furious pace await those who plunder these pages.
