SPRING

2012

Season: SPRING 2012

Compostela, Barcelona, Europe during the Second World War, New York at the end of the 20th Century, these are the settings for a novel that builds a solid universe and enters into the souls of its characters to speak to us intensely about identity, guilt, love and freedom. Written in Riveiro Coello's usual precise and absorbing style, "Laura in the Desert" is sure to become a classic of contemporary Galician fiction.
