Genre: Literature

SPRING

2012

Season: SPRING 2012

Mandarins is the author's personal vision of the powerful figures with whom he has spent long, intense periods of time. From presidents of the Autonomous Government to politicians who pull strings from the sidelines, from outstanding business people to members of the Spanish royal family, Nadal reveals hidden, individual details of the personalities of his 'mandarins' and converts these details into an incisive story of the passions of our recent political history.
