Genre: Others
SPRING
2012
Season: SPRING 2012

Filled with great and small reflections that invite readers to delve further, Centrings allows us to gradually move closer to the authentic and offers the tools necessary for identifying and discharging the non-authentic. In this book, you will find reflections on different aspects of life, relationships, love, suffering, sexuality, among other topics, with the aim of inviting you to look at them from a new perspective, both deep and simple, putting preconceived notions aside.
