The 'A very special day' collection features the Three Baby Triplets on the most special days of the year, with their family and friends. Published on card in large format, it introduces children to reading and stories and allows them to recognise as their own the situations described in the book. This helps them to question various themes and also to adjust their reactions.

In 'A day in the snow' we see them with their parents discovering how fun it can be to spend a few days up in the mountains playing in the snow. They learn to ski, to sledge, and to throw snow balls. They have fun and play team games, sharing their new experiences. Back at home in front of the fire in the evening, they warm up and wonder 'When will we come back again?'
