Welcome young witch and wizard, to the Magic City of Abracadabra. Don't be fooled by its narrow streets and crooked houses. Abracadabra is as old as magic itself, but it is also the most modern city that your young eyes have ever seen. Everything moves...except for the old castle at the centre of Abracadabra: the School for Witches. Encircled by the river which runs through the city, from its turrets you can see beyond the walls which surround Abracadabra. On clear days you can even see the dark cloud over the Castle of the Seven Skulls. The School is one of the most extraordinary places in the city, where young witches learn to control their magic. Although all the inhabitants of Abracadabra have powers, only a few possess the Witches' Instinct. This power appears suddenly as a cloud over the heads of novice witches. It is ESSENTIAL & INDISPENSABLE to learn to control these clouds...
